EXPERIENCE

Hillsborough County School District, Tampa FL — *Teacher*

DECEMBER 2019 - NOVEMBER 2021

Develop and teach lessons to elementary students in an in-person and online setting.

EDUCATION

University of Central Florida, Online — *UI/UX Certification*

NOVEMBER 2021 - EXPECTED JUNE 2022

Discovered how to create innovative web and application designs using the design process. Learned how to use various programs for research, wireframing, and prototyping designs.

University of South Florida, Tampa — *Bachelors in Education*

JANUARY 2018 - DECEMBER 2021

Was taught how to teach elementary aged students in all subjects, as well as how to utilize new technology to create engaging lessons.

PROJECTS

ULearn — *Virtual Teaching Program*

Created a prototype as a team for an all-in-one online teaching program for teachers to create virtual lessons, grade assignments, and contact parents in a user-friendly way.

Tax Alaska — *Redesign of tax.alaska.gov Website*

Researched and reorganized the Tax Alaska official government site and iterated the research into a new and updated design prototype for mobile and web.

Plan&Go — *All-in-one Travel Application*

Designed a prototype for an all-in-one travel app, allowing users to book flight, transportation, activities, and lodgings in all-inclusive vacation bundles. Designed as a team for mobile devices.

SKILLS

Proficiency in Figma for wireframing and prototyping.

Experienced in Adobe XD.

Comfortable with Visual Studio Code in HTML5, CSS, and JQuery.

Knowledgeable in utilizing Bootstrap.

Skilled in graphic design utilizing Procreate, Adobe Photoshop, and Adobe Illustrator.

Utilizes the User Experience Design Process for all projects.
